SUMMARY

Six years working remotely for US companies. I started in customer service at Sutherland and moved into outbound sales in 2022. Since 2023 most of my work has been with real estate investors and wholesalers. I find and qualify motivated sellers, follow up until they're ready and negotiate the agreement when the deal is mine to close. I was the top agent out of 10 at TTO Real Estate in December 2025 with 52 qualified leads. All four of my Upwork contracts are rated 5.0.

EXPERIENCE

B2B Appointment Setter, M&A Advisory 2026

Fortune Consultants, remote

- Call business owners to see if they'd consider selling their company.
- Qualify the interested ones and book them with the firm's transaction coordinator.
- Bring in 3 to 5 qualified leads a day.

Asset Operations Specialist 2026

BT Partners, remote

- Worked with the on-site property managers on day-to-day operations for several real estate assets.
- Ran delinquency follow-up for the whole portfolio and improved collections.
- Put together the weekly KPI report for senior leadership on occupancy, collections and delinquency.
- Coordinated vendors so approved work got done on time.
- Kept the CRM and property management records clean and up to date.

Acquisition Manager and Lead Manager 2025 – 2026

Silva Realty and CNL (a BT Partners company), remote

Lead Manager, CNL

- Pre-qualified motivated seller leads before they went to the acquisitions team. I got the seller's story and the property details, then used a low anchor to see how much room there was on price.
- Ran the land acquisition pipeline in the CRM from first contact to offer.

Acquisition Manager, Silva Realty

- Negotiated directly with property owners and got signed agreements on off-market deals.
- Worked out what each seller actually needed and picked the offer to match. That could be cash, seller finance, subject-to, novation or a referral to a listing agent.
- Walked sellers through the contract terms before signing.
- Used the VRT method (validate, respond, transition) on the usual objections like price, a spouse who needs to agree or a competing offer.
- Bought for fix-and-flip, buy-and-hold and wholesale investors, each with different criteria.

Real Estate Cold Caller 2023 – 2025

TTO Real Estate, Iron Horse, Galaxy Call Centers, BoomVA, NAC, Dial Force and Coldio, remote contracts

- Averaged 2 to 5 qualified seller leads a day.
- Worked seven client contracts over three years for investors, wholesalers and brokerages. Some of them ran at the same time.
- Qualified each homeowner against the client's own criteria and handled objections on the call.
- Ran circle prospecting campaigns and set listing appointments for licensed agents at Galaxy Call Centers.
- Kept in touch with sellers who said no to an offer, since a lot of them come back later.

Solar Appointment Setter 2022 – 2023, 2026

Sun Rock Solar and Upwork contracts, remote

- Called US homeowners about their electricity bills and booked up to 3 qualified consultations a day for the field sales team.
- Two solar contracts on Upwork in 2026, 186 hours in total.

Roofing Appointment Setter 2026

SML and Call Hammer Leads, remote

- Called homeowners in states hit by storms to check for roof damage and offer an inspection.
- Screened for damage and insurance before passing leads to the inspection team. Up to 2 qualified leads a day.

B2B Sales Specialist Mar – May 2026

Moving Marketing Services, Upwork contract, remote

- Pitched marketing plans to moving companies across the US and generated up to 2 qualified business leads a day.

Customer Service and Technical Support Aug 2020 – Oct 2022

Sutherland Global Services, on-site

AT&T, billing, sales and technical support

- Handled billing disputes for wireless, internet and TV customers.
- Kept at-risk customers from cancelling. I'd find out why they wanted to leave and fix that problem directly.
- Recommended and sold wireless, internet and TV plans based on how each customer actually used them.
- Cross-trained into technical support and took on troubleshooting calls on top of billing and sales.

Cricut, technical support

- Phone and email support for product setup, troubleshooting and repairs.
- Escalated hardware cases to the engineering team and stayed on each one until it was resolved.

FTD, customer service

- Fixed failed and late flower deliveries during peak holiday seasons, working with the logistics and sales teams to get orders out fast.

TOOLS

CRMs GoHighLevel, Podio, Follow Up Boss, Salesforce, Pebble, Asana

Dialers Mojo, BatchDialer, ReadyMode, CallTools, Aircall, Dialpad, Quo (OpenPhone)
